Watkins recommends removal,

Caballero says

Dr. Emilio Caballero will not be recommended for the chairmanship of the West Texas State University art department, the veteran university educator said Tuesday.

Caballero, central figure in a controversy which emerged last spring, said he received a letter Tuesday from Dr. Lloyd I. Watkins, WTSU president, informing him that Watkins will not recommend he be retained as department chairman.

Caballero said the letter indicates Watkins will recommend he be retained as professor of art.

Watkins had no comment on the situation Wednesday.

Caballero said he will call for an open hearing on the Watkins recommendation and will follow the procedures established earlier this month by university regents specifically for his case.

He said he has turned the matter over to his attorney, George Whittenburg of Amarillo.

Regents, meeting Aug. 2, reinstated Caballero after he had submitted what he termed a coerced letter of resignation in late winter. They also established due process procedures to be followed "should the administration decide to relieve Caballero of his duties as department head."

Regents Chairman Cloyce K. Box had said following the Aug. 2 meeting that "hopefully" administrators would not relieve Caballero from his duties as chairman.

Caballero said no reasons were given in the letter to him from Watkins for the recommendation that he not be retained as department chairman.

Administrators have consistently declined to comment on Caballero's charges that he was forced by Dr. John Green, dean of the school of Fine Arts, to resign.

Whittenburg said Tuesday he and Caballero will follow to the letter the procedures established by the regents for his case.

He said the substance of the thrust of Caballero's contentions in the procedure will be "that department heads are heads as long as they are there and for good behavior."

He said he will "continue our effort to establish the truth of the matter that one of Dr. Green's pets wants to be head of the department and they're going to do it come hell or high water."

Caballero has been chairman of the art department more than 20 years and has taught at the university 27 years.

He told the News earlier this summer Dr. Green forced him to resign last winter without giving him the reasons for the pressured resignation.

Regents accepted the resignation in February after what was reported to be a heated executive session and then reconsidered their action during a heated June meeting, during which petitions on behalf of Caballero were presented calling

Mrs. R.D. Wheelock, sixth grade reading and English teacher at Rex Reeves Elementary, was one of the many Canyon teachers involved in registration Monday and Tuesday. Approximately 3,100 students have registered in Canyon schools.

State fire inspectors look over WT campus

Two representatives of the State Fire Marshall's office continued their inspection of West Texas State University buildings early this week and university officials indicated they have found no major fire hazards not previously made public.

Wayne Smith and Vernon Ray inspected each building on campus, including the Panhandle-Plains Historical Museum.

They will file a written report on their tour of the campus, which began last week, and the report will be made public in 10 days or two weeks, they said.

The inspectors had no comment on their findings Monday, but Financial Vice President Hermas Miller said they had found no

(See FIRE, Page 7)

Canyon selected as regional health headquarters

The Texas Board of Health selected Saturday Canyon as the site for headquarters of a Panhandle-wide regional health service center.

The headquarters will be located on the West Texas State University campus in the old health center and student union building ballroom, according to Financial Vice President Hermas Miller.

Location of the headquarters in Canyon means a headquarters staff of between 30 and 40 persons will be assigned to the city.

Local business and civic leaders hailed the decision as a boost to the city equivalent to the boost which might be expected from introduction of a small industry.

Dr. F.L. Duff, acting director of the Texas Department of Health Resources, said Monday the center headquarters is to be activated Sept. 1, but work on activation of the headquarters will begin immediately.

The Canyon site for the center headquarters was selected over sites in Amarillo and Borger.

Bill Foran, vice chairman of the state health board and an Amarillo businessman, said Monday the board selected the Canyon site on the recommendation of a site selection committee which visited the three possible sites about two weeks ago.

"They were quite high on what Canyon had to offer them," he said.

Among the factors which led to the decision to locate the headquarters here, he said, were the opportunity for using a state-owned building for another state agency and also the attitude of the local boosters.

Dr. Lloyd I. Watkins, president of WTSU, said the location of the center on the WTSU campus "will be extremely helpful to the health programs of the university and a major plus for our university and the city of Canyon.

"This directly relates to the commitment I made when I came here that the university should try to serve the entire area of the Texas Panhandle."

Mayor Manly Bryan was equally enthusiastic.

"I think the Chamber of Commerce and the university officials are to be commended on the amount of time they've expended," he said. "I definitely think it's the type of 'industry' we want here in Canyon. It will have a large number of people in highly trained areas."

Chamber President Weldon Trice hailed the announcement as a "great opportunity for Canyon.

"Any time you get that many employees and that much money in Canyon it will be great," he said.

University officials, including Watkins, Miller and Student Life Vice President Dr. T. Paige Carruth had worked with Trice and other chamber of commerce officials and local civic leaders to convince the site selection committee of the advantages of the WTSU location.

Department of Health Resources personnel had visited Canyon twice this summer to examine the site possibilities.

Dr. Duff explained that the activation of the regional health

Glenn Williams of 400 4th Ave., standing, monitors the kidney dialysis machine along with his wife, seated, who just returned from a four-month stay in a Dallas clinic. Contributions from local citizens helped the Williams defray expenses involved with the machine, which purifies Mrs. Williams' blood three times each week.

Only 91 respond to questions, chairman says

Apathy major attitude shown by survey

Apathy emerged as a surprise, if somewhat disheartening major attitude, in Canyon as the women's division of the Canyon Chamber of Commerce this week released results of its community attitude survey.

The survey, conducted for more than a month this summer, was filled out and returned to the women's division for compilation by only 91 persons, Mrs. Diane Gheer, chairman of the survey effort, said Monday.

"People had an opportunity to respond," she said, noting the surveys were available at local banks and businesses and were also distributed door-to-door in residential areas. "I feel just the ones who cared enough took the time to fill one out because we made them available.

"To me it's an indication that people just aren't that concerned about it. It's really indicative of people living in their own little worlds. They're content."

Local residents were given the opportunity on the survey to tell their likes and dislikes of Canyon and to specifically cite the areas they felt needed improvement in local governmental and business services.

Statistics from the survey were compiled by Dr. Hollis Cook, chairman of the math department of West Texas State University.

Survey forms were completed by 91 persons with 64 per cent of the respondents female and 36 per cent male. Seventy-one per cent of the respondents were employed and 56 per cent of those unemployed said they would work if suitable employment were available. Eighty-two per cent of the respondents were married.

For those who responded to the survey, Canyon received some major plusses as a city in which to live. Reasons most frequently mentioned for liking Canyon were:

*Small town near a city.
*Friendly people.
*Low crime rate.
*Good educational facilities.

Reasons given most for disliking Canyon were:

*Poor roads and drainage.
*Lake of adequate tornado alert system.
*Inadequate recreation facilities for all ages.
*Some clannish people.

Fifteen per cent of the respondents said there was nothing they did not like about the com-

Highway official offers study on Loop 335 route in county

District engineer of the Texas Highway Department told Randall County commissioners Tuesday his staff will begin planning the actual route of a proposed Amarillo loop highway as soon as he receives a formal request from them to do so.

Commissioners indicated they will pass a formal resolution making the request at their next meeting.

Commissioners met with A.L. McKee, district highway engineer, highway department staffers, and representatives of the City of Amarillo, Canyon Chamber of Commerce, Amarillo Chamber of Commerce and Potter County Tuesday afternoon to discuss the status of Loop 335, an almost dormant highway construction project which extends into Randall County.

Randall commissioners had called for the meeting to learn the status of the loop and Commissioner Jim Fletcher expressed the concern of the commission for speedy action by the highway department in designating a route so action can be taken by commissioners to limit the encroachment of expensive housing projects or farm projects within the highway route.

"In Randall County, we have people making improvements along both routes and the cost of the right-of-way is rising continuously," he said. "We were hoping we could apply pressure on you to have your department designate the whole loop so we could start buying right-of-way and so we can pass a resolution to hold down improvements that might be included along the right-of-way."

Fletcher explained that if the route of the loop remains unknown in the future, it is possible expensive improvements will be made to property on the right-of-way, making the eventual purchase of the right-of-way much more expensive to the county.

McKee said the district office does have authorization to designate a formal route for the loop in Randall County "and we will do so if it is the desire of the county."

He said tentative routes for the loop in Potter and Randall counties have been designated, with a top priority placed by the department on completion of a portion of the loop to the north

(See HIGHWAY, Page 7)

City balks at subsidy program

The City of Canyon will apparently not be able to administer a federal program of rent subsidization for low income families here, Admin. Asst. Tom Plumlee said Monday.

Plumlee said he's studied the possibility of administering the program, which will provide monthly subsidies for about 20 housing units in the city and county outside Amarillo, and has concluded it would not be possible for the city to handle the program.

He had met two weeks ago with Randall County Judge Woody Pond and Amarillo planner Leon Boone to discuss the federal HUD program and Pond had asked him at that time to study the possibility of Canyon handling the program.

Plumlee recommended Monday the county, which has been allocated less than $24,000 for the first year of the program, contract with the City of Amarillo, which will have a similar program for that city, to provide the services for Canyon and Randall County residents.

Plumlee said the funding allocated for administration of the program would not cover the costs which might be expected through the program.

And, he was not enthusiastic about the program's success in Canyon at any rate.

"I see a problem in getting property owners to go along," he said. "With the shortage in housing, and this will increase their paperwork and the program puts a ceiling on what they can charge for rental property, I can see some real problems with that."

The program provides subsidies for those families with verified low incomes, but also requires that rents to the low income families be in line with averages worked out by HUD.

"I think administration will be the biggest problem," he said. "Probably the best thing is to have the county go in with Amarillo. They'll be set up to do it and have the staff to do it."

Mrs. Williams home with kidney machine

Mrs. Glenn Williams is back in Canyon with a new life-assuring machine which purifies her blood thanks to the donations from Canyon school children and adults.

From an easy chair in her bedroom, with her left arm connected by two clear plastic hoses to the kidney dialysis machine, Mrs. Williams smiled Tuesday and said "I'm sure happy to be home."

She'd spent four months in a Dallas clinic, having her blood circulated through similar machines six hours a day three times each week and learning to maintain and operate the machines.

Her husband, a teacher at Caprock High School in Amarillo, had spent six weeks in Dallas also learning to help his wife with her tri-weekly treatments.

They returned to Canyon in late July and the new dialysis machine, which does for Mrs. Williams what kidneys do for other persons, arrived not long after along with a maintenance man and months of supplies.

Now in her own home, Mrs. Williams and her husband begin the six-hour sessions at 5 p.m. three times a week.

With pencil and note pad in her right hand, she keeps notes on the operation of the complicated machine.

Williams helps her monitor the pressure, flow and rate of the grey machine.

Green and amber lights flash that the machine is working properly as it recirculates and cleanses every ounce of blood in her body 18 times during the six-hour period.

Just a simple movement of her left arm will cause an alarm from the machine and bright flashing red lights with accompanying shrill bleeps.

During his stay in Dallas, Williams learned enough about the machine to be able to perform routine maintenance and

City Commission Sets Hearing On Funds Issue

Canyon city commissioners Monday night indicated they feel a possible $22,000 federal grant for street improvements here may provide mixed blessings, but pushed aside their misgivings and set a public hearing on the issue.

The public will have a chance to review the city's proposal for spending the available funds, which have been offered but not promised by the federal Department of Housing and Urban Development, during the hearing on Sept. 8.

But, just what the public will say and how public input will be used in the analysis of the city proposal left commissioners stumped during their regular session Monday.

After City Manager Glen Metcalf told commissioners that HUD guidelines call for the city to hold another public hearing on the proposed usage of the $22,000 before an application from the city can be approved, Mayor Manly Bryan said he was stumped.

Noting that commissioners decided following a January public hearing to spend the funds for street paving in the western portions of Canyon, Bryan said "I don't understand this. Can they (the public) come in and ask for something else?"

Metcalf indicated that the application for the funding has to be turned in for review to the Panhandle Regional Planning Commission by Sept. 10 and to the HUD Dallas office by Sept. 30 and that it would probably be impossible for significant changes in the application to be made.

"If we change it we could possibly lose the funds," he said. "I think the decision in the first public hearing was what this money is for and next year you could decide to go in another direction."

But the public's role in the hearing on Sept. 8 was not the only point of concern for the commissioners, who have long abided by a policy established by commissions years ago that if homeowners on city streets want those streets to be paved the property owners must participate financially in the project with the city picking up the tab for only paving of the intersections.

"I think we've got a bucketful of worms if you want to know what I think," Bryan said.

Metcalf said commissioners could probably justify a variance from the policy in providing full funding for paving on portions of 6th Avenue west of the junior high school property.

Bryan said it is probable that had the homeowners in those areas of the city been financially able to pave their streets they would already have done so and that in that light it might be possible to vary from the policy.

Commissioner Jim Christopher suggested the city examine portions of 4th Street, which leads from 4th Avenue to the city's water system offices, for possible paving under the program, but noted that under any circumstances $22,000 would not provide funding for much more than about three blocks.

HUD officials two weeks ago invited the city to file a formal application for the funding after nearly a year of hassle over the block grant funds.

In November, 1974, HUD announced the city would be eligible for about $760,000 in federal funding for distressed portions of the city over the next six years, but announced early this spring that due to a mathematical error no funding would be available to Canyon or cities like it.

Then, Congress during the summer passed legislation authorizing funds for Canyon and other cities in the nation which had been passed over by the HUD math error.

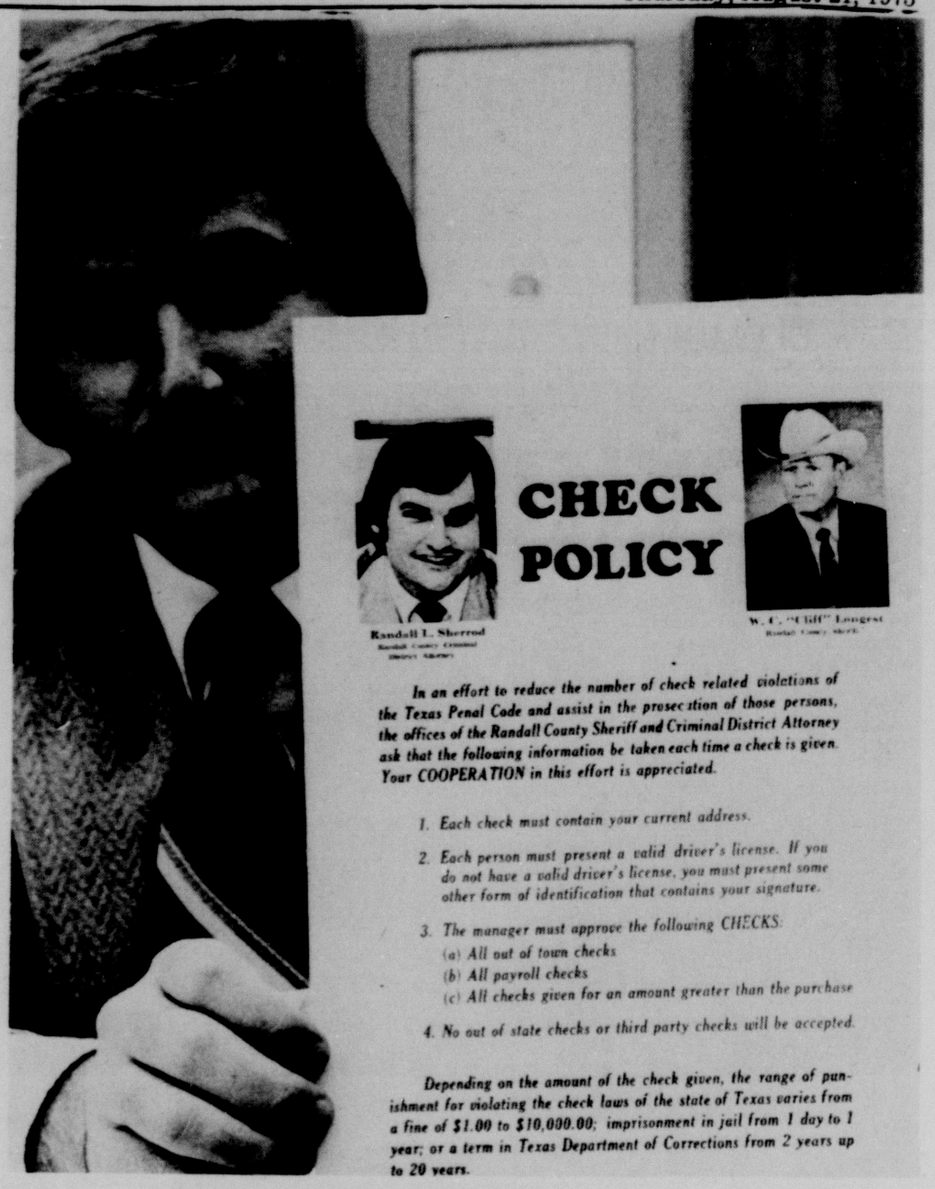
But, the funding which came available was substantially less than that originally anticipated.

In other business Monday night, commissioners opened bids for furniture for the new civic center building which is now under construction at 16th Street and 3rd Avenue. The building is to be completed in October.

No contract for the furnishings will be awarded until the commission meets in special session at 7 p.m. Monday specifically for that purpose. However, from the bid totals submitted by six companies Monday night, it appears the furnishings will cost about $60,000.

Commissioners upheld recommendations from the planning and zoning commission denying zoning changes for three persons. Requests from Kenneth Land, Harold Root and Connally Lockhart for rezoning various sections of the city were denied by the planning and zoning commission and upheld by the city commissioners.

They tabled action on appointment of members to a newly created Park and Recreation Board. And, they tabled consideration of a new electrical ordinance for the city.



CHECK POLICY
Randall L. Sherrod
W. C. "Cliff" Longest
In an effort to reduce the number of check related violations of the Texas Penal Code and assist in the prosecution of those persons, the offices of the Randall County Sheriff and Criminal District Attorney ask that the following information be taken each time a check is given. Your COOPERATION in this effort is appreciated.
1. Each check must contain your current address.
2. Each person must present a valid driver's license. If you do not have a valid driver's license, you must present some other form of identification that contains your signature.
3. The manager must approve the following CHECKS:
(a) All out of town checks
(b) All payroll checks
(c) All checks given for an amount greater than the purchase
4. No out of state checks or third party checks will be accepted.
Depending on the amount of the check given, the range of punishment for violating the check laws of the state of Texas varies from a fine of $1.00 to $10,000.00; imprisonment in jail from 1 day to 1 year; or a term in Texas Department of Corrections from 2 years up to 20 years.

Policy For Check Writers

Dist. Atty. Randall Sherrod shows the posters warning check-writers of the requirements of local merchants for check-cashing. The posters, bearing the warnings from Sherrod and Sheriff Cliff Longest, are to be distributed in businesses throughout the county.

Palo Duro Hospital Workers To Receive Pay Increase

Employees of Palo Duro Hospital were voted a 6 per cent salary increase Monday night by hospital board members.

The raise in salary is retroactive to Aug. 1, according to Administrator Ray Grimes.

Grimes presented the proposal for the increases to members of the board of the South Randall County Hospital District during their regular session, saying "we're definitely in need of a salary adjustment at this time — we're behind on it."

As hospital board members approved the hike in pay, they also approved a salary schedule for implementation for hospital employees as presented by Grimes.

The pay schedule sets minimum salaries for skilled and unskilled and professional employees and provides salary increment increase steps in each category of worker.

Board members asked Grimes to leave the room as they voted to give him a 6 per cent pay hike also. He currently earns $1735 per month.

Grimes told the board the salary schedule is "designed to stay as close as possible with Amarillo salaries."

Some salaries, particularly for the less skilled employees, he said, are not competitive with Amarillo hospital salaries even under the new schedule.

He stressed that the schedule will be a guideline only and employees will advance to higher salaries within each rank only on the basis of merit and longevity.

The total increase in salaries due to the hike will be about $1800 per month, he said, but employees will in the future not be entitled to free meals as in the past and the elimination of this benefit will make up some of the loss.

"Will this keep them happy?" asked Board Member George Blackwell.

"I don't know," Grimes responded.

"It looks like we have to do it but can we afford it?" asked Board Member Bill Sternenberg.

"We can't afford not to," said Board Member Mrs. Nolon Henson.

In connection with the salary increase, Grimes presented a cash operation budget for the hospital for the district's next fiscal year which begins this fall.

The budget calls for the hospital to operate in the black, Grimes said, with estimated cash income set at $793,600.

Board members reviewed the tax budget during their last regular meeting in July and at that time hiked taxes and upped room rates in the hospital to $52 per day.

Grimes said Monday night the increase in room rate, plus additional revenue from an anticipated increase in the number of patients per day staying in the facility, should generate adequate cash income to keep the hospital's operations stable.

A public hearing on the proposed budget will be held Sept. 15 at the hospital's board room.

Board members discussed only briefly funding for an underground water sprinkler system for the hospital grounds.

Major William Telfair

ROTC Officer Arrives

Major William Telfair has begun settling in at West Texas State University where he has been assigned as an executive officer with the Reserve Officers Training Corps.

Major Telfair, a career service man since 1954, will serve as assistant to Col. Charles Laakso of the ROTC department. His duties will include instruction of second year students, officer in charge of the WT Rifle Team, and sponsor for the counterinsurgency group of Nighthawks.

He and his wife, Laurie, have two daughters, Jacqueline, 14, and Michelle, 11, who will be attending Canyon Public Schools. They have rented a home at 516 12th Avenue and will remain there until a permanent home is available for purchase or they build here, according to Major Telfair.

Major Telfair's wife, Laurie, and daughters were at Fort Bragg, N.C. during the past year while he served an overseas duty stint in Thailand. He was stationed with a joint casualty resolution center with the purpose of finding and identifying those military personnel listed as "missing in action."

"While I was there," related Major Telfair, "we only recovered one living prisoner and he was a civilian pilot, Emmitt Kaye. He was released after successful negotiations were completed between the Communist front in Laos and the Americans.

"Usually we spent our time recovering and identifying the remains," stated Major Telfair, who was in Saigon, Vietnam nine days before the takeover.

News Brief

Dean Albert R. Mitchell of the West Texas State University School of Business has been reappointed to serve on the Responsibilities in Tax Practice Committee of the American Institute of Certified Public Accountants.

Simpson Named To Subcommittee

Bob Simpson, State Representative from the 65th Legislative District, which includes Randall County, has been named vice-chairman of a subcommittee of the State Affairs Committee of the Texas House of Representatives.

The subcommittee has been assigned the responsibility to analyze the cost benefit, and feasibility of creating a small coordinating agency to monitor and administer all state boards and commissions.

"I hope that this interim committee can come up with some information concerning the overlap in responsibility among the more than 400 state agencies of the Texas government. Certainly, Texas government should be operated as efficiently and economically as possible, and it is the responsibility of the Legislature to see that this is done. I am pleased to be appointed vice-chairman of this committee," Simpson said.

Simpson was also named to sit on the subcommittee on Appropriative Matters of the State Affairs Committee which is charged with the responsibility of continuing the overview of agency programs for which monies were appropriated for the biennium beginning September 1.

Happy Days A Success

Riding Clubs in Happy Days Parade

By MARY NEAL HENRY

HAPPY JAYCEES ASSISTED by Happy Jaycee-Ettes presented the public a bigger and better Happy Days Celebration this year than ever before.

True to their reputation and never tiring efforts (figure of speech — they are ready to collapse when it's all over) the day was a delight for all ages.

Mrs. Dick (Dotty) Foster was presented a plaque by Happy Jaycees because the Happy Days Celebration of 1975 was dedicated to the memory of Dick Foster. The bronze plaque on walnut wood read:

"The Happy Jaycees, hereby, Dedicate the 1975 Happy Days Celebration to the memory of DICK FOSTER For his dedicated service to His community and fellowman."

Dick Foster had served as chairman of the Happy Days Celebration, chairman of the Park Equipment Project, and on the Board of Directors for five years. He was voted Outstanding Jaycee in 1972 and that year also received the travel award for having traveled the most miles with the club president. Happy Jaycees were pleased to honor the memory of Dick Foster.

* * *

THE AMERICAN LEGION Auxiliary presented the Happy Jaycee-Ettes a Certificate of Appreciation for their participation in the Girls' State program.

Each year the Happy Jaycee-Ettes donate one hundred dollars to the American Legion Auxiliary to send a second girl to Girls' State. President LaVenna Jackson presented the Certificate to Jaycee-Ette President Jeanne Johnson.

* * *

HAPPY DAYS CELEBRATION was attended by the largest crowd thus far. Over 1150 people were served barbeque during noon.

About two hundred Ol'Timers were served free barbeque.

W. E. Guest, ninety five years young, was awarded the plaque for being the oldest present.

A. W. Currie, born here in 1890 and was awarded the plaque for having lived in the area the longest.

Mr. and Mrs. Jim Rogers of San Jacinto, California, traveled the fartherest to attend Happy Days Celebration and received that plaque.

Happy CowDelles won first in the floats of the parade. Happy Study Club won second and Happy Community 4-H Club won third.

The Happy CowBelles float depicted the pioneer women and

The Happy CowBelles won the Best Float honors Saturday in the annual Happy Days parade in downtown Happy. The CowBelles cooked up hamburgers on the float. Thousands of persons flocked to the small Swisher-Randall county community for a day of fun and food. A few horses came along, too, as the other picture indicates. Riding clubs from throughout the region participated in the morning parade.

a chuck box on a covered wagon and then modern women cooking and promoting beef. "Beef Won the West" was the general idea. Modenia Rahlfs was chairman of the parade float.

The Women's Study Club of Happy had as their theme, "The Emerging Woman." Women were dressed in styles from every era and the progress of Women in America was evident.

Happy Community 4-H decorated a huge slice of watermelon (float size no less) and used the caption, "Planting seeds of Tomorrow." Part of the seeds were windows instead of seeds and different Happy 4-H'ers faces peered out of the watermelon slice.

Lloyd's Auto Supply won the most unique trophy. "Bonnie and Clyde" seemed to be having a little car trouble and the mechanic was repairing the automobile (or trying to). You had the feeling that he had been offered a proposition that he couldn't turn down. And no one else would be healthy to interfere.

Thurman Griffith won the Car Club Trophy with his Longhorn Model A.

Happy 4-H Riding Club won first in the Riding Club Division. Swisher County Sheriff's Posse won second and Happy Tri-State High School Rodeo Club won third.

Shandy Harvey, daughter of Mr. and Mrs. Larry Harvey, won first for the Best Decorated Bicycle. John Miller won second and Connie Venhaus won third.

Lonnie Tackitt won the bicycle race and Raphe Shipman won second. The bicycle race was in memory of Richard SoRelle and all entry fees paid to the Richard SoRelle Memorial Scholarship Fund.

The "over eighteen" division was a dead heat between Jerral Lynn Mayes and Emil Schaeffer and Gary Barrett, but the trophy was awarded to Mary Mayes.

Norman Freeman won the title as "ugliest" in the Beard Contest. Gene Shipman was judged the "most colorful." Vincent Venhaus had the "most unique" beard.

Weldon Tucek won the singles of the Horse Shoe Pitching Contest. Jim Hand came in second.

Ed Wright and Jim McManigal won the doubles of Horseshoe Pitching. Chris and Greg Pearson won second.

Steve Cole won the Girls bicycle and Bert Inman won the boys bicycle during the Happy Volunteer Fire Department drawing.

Ronald Pekrul, manager of the Lone Star Feeders in Happy, won the $100 wardrobe certificate from Jean's of Canyon and given by Happy Jaycee'Ettes.

* * *

THE LITTLE BRITCHES Rodeo commenced at three o'clock on Saturday afternoon and we were out in the warm sun and cool breeze of the Happy Rodeo Arena. Even some of the stick horses threw their riders. stick horses threw their riders.

James Vick announced the show. Becky Via and Debbie Magness clowned the events. Tri-State High School Rodeo Club of Happy High donated their time and services to help these youngsters all under twelve years old.

Jay Cox, son of Mr. and Mrs. Jim Cox, won the Stick Horse Race. Rowdy Bryn came in second, Mace Middleton won third, Roxie Johnson won fourth, Heath Schutlee, fifth and Joda Cope won sixth.

Jay Cox also was first in pulling the ribbon off the goat's tail. Joda Cope won second; Jimmy Peterson, third; Will Conway, fourth; Mace Middleton, fifth and Jeana Stockett won sixth.

Joda Cope was the one who grabbed the ribbon off the calf's tail for cash money and a buckle.

Elaine Lemmons, daughter of Mr. and Mrs. Johnny Lemmons of Seminole, (And granddaughter of Mr. and Mrs. Bert Lemmons) won the barrel race with a time of 25.3 seconds. Kevin Odom won second; Tanya Brown won third; Angelique Henry, fourth; and Kyle Odom won fifth.

Blaine Lemmons also won the pole bending with a time of 26.1. Kevin Odom came in second; Tanya Orown, third; Angelique Henry, fourth; Stacy Tate, fifth and Kyle Odom, sixth.

Shawn Hollis grabbed the ribbon off the calf's neck for a five dollar bill.

Roy Dee Thompson, son of Mr. and Mrs. Roy Thompson, (and grandson of Mr. and Mrs. Copus Boyd) won the Bunk House Race. Jacinda Stockett won second and Randy Stockett, third. They first put their boots on. Then ran saddled their horse, mounted, and ran down the arena and back to the finish line. Considering the height of these people, it was exciting.

Steer Riding completed the Little Britches Rodeo. Roy Dee Thompson won a third and Glen Woodside won fifth. Clay Simons won a sixth.

* * *

FOUR TUG-O-WAR teams entertained the park crowd after lunch with a contest. The Happy Heavy Heelers, Gene Shipman's team, won the contest. Ten were on the team. Among them Gene, Harold Starkey, Terry Wright, Jim Hand, Don Lee, and Ricky McPherson.

* * *

HAPPY RECEIVED OVER an inch of rain Thursday evening just before Grand Entry time at the Happy Rodeo Arena. The arena had been worked rather deep and the Thursday evening performance was postponed until Sunday afternoon at one o'clock.

The rains seemed general. Reports ranged from one inch to two inches and ninety hundreds. That was the greatest amount called to my attention.

Dave Koontz of Earth won the bareback riding event. He tied for first with Reggie Underwood, but won the flip for the buckle. Ronnie Lynch won third and Joe Echert, fourth.

Eddie Stanfield won the calf roping. Jimmy Brazil and James Callaway tied for second and third and Wade Lewis won fourth.

Warren Williams won the saddle bronc riding and Bob Wade won second.

Joe Kennedy of Amarillo won the steer wrestling. Galen Lynch won second and Marvin Schulte of Nazareth won third.

Tim Faye of Clarendon won the Bull Riding. Lynn Ward won second, Marvin Schulte won third and Rex Black won fourth.

Jimmy Brazil of Gruver won the steer roping. Mike Goad won second and Fred Lucero won third. The Girls' Barrel Race was a jackpot each night. Debbie Magness of Happy won a third the first night and a third in the over all average. Pam Upton of San Angelo won the buckle for the average and participated all three performances.

Marion Pool won the Barrel Race on Friday night. Melody Goad won first both Saturday and Sunday.

Walter Arnold of Silverton won the Steer Roping which followed the rodeo on Sunday afternoon. James Allen of Santa Anna won second, Charles Good of Elida, N. M., won third and Billy Frank Good of Caprock, N.M. won fourth.

Buddy Cockerell of Pampa won first in the first go-round. Walter Arnold, won second, Tuffy Thompson won third, and Eldon Dudley won fourth.

Adren Cunningham won the second go-round with a time of thirteen point one, the fastest time of the day. Guy Allen (James' son) won second, Charles Good, third and Billy Frank Good, fourth.

Tuffy Thompson won the third go-round with a time of 17.2. Charles Good won second, Guy Allen won third and Sam Falks won fourth. Tuffy Thompson also tied Charles Good for tying the fourth fastest steer of the day with a time of 17.2.

* * *

OLLIE NICHOLS WON the Merchant's Award of $1.40 and the painting is hanging in the school cafeteria. The First State Bank Award went to Lilly Lang and the Consumers award of $75 was won by Bob Hargrave. Over four hundred viewed the sixty nine paintings exhibited at the art show.

The Art Show and Flea Market is sponsored each year by the Happy Artists' Club. Several of the paintings were sold during the day.

Top winners of the Art Show were Linda Ponds, who won Best of Show; Mary Womack, who won second Best of Show; and Geralding Hipp.

The Oil Painting division was won by Linda Ponds. Second went to Kay Stevens and third to David Steward.

Water colors were won by Geralding Hipp. Second went to Mary Moudy and third to Paula Hinton.

Mary Womack won first in Acrylics. Marsha Cinders won second and Bob Hargraves, third.

Geralding Hipp won first in graphics. Mary Catherine Moudy won second and Margaret Fletcher won third.

Kay Manz won the Mixed Media. Helene McFairland won second and Ruth Maynard won third.

The Happy Artists presently have a hanging at the Methodist Hospital in Lubbock with sixteen sales already on the paintings.

* * *

BOB HARGRAVE WON the aluminum Plug Throwing contest sponsored by the Young Farmers. Mark Moudy and Jerry Cogburn were chairmen of the event.

Neal Hughs and Jan Cosmos representing Chute Five attended the Happy Roping on Sunday. Neal Hughs has published a new book, "Grab-A-Holt," of Texas Rodeo and CowBoy Humor. He gave me an autographed copy on Sunday and I am really enjoying it. Having lived also in that world makes the book even funnier to me.

I was also given a certificate for four rib eye steaks by Bill Davis of Tepee Western Wear this week for a hundred dollar purchase. Bill's way of promoting beef. I was so pleased!

* * *

TODAY IS THE first full day of school in the Happy Independent School District. Junior High and High School pupils registered on Monday morning and attended one half day on Wednesday.

The Happy School Board and the 1975-76 faculty attended a dinner meeting at the school cafeteria Tuesday evening. Special guests were Judge and Mrs. Jack Driskill, Mr. and Mrs. French McGavock, Mr. and Mrs. J. B. Sexton, Mr. and Mrs. Bob Francy, Mr. and Mrs. Mark Nichols, Mr. and Mrs. Loran Harper, Rev. and Mrs. Carl Oglesby.

Those serving on the Board of Equalization present were Mr. and Mrs. Ronnie Johnson and Mr. and Mrs. Ken Danner. Bus drivers, custodians, and office personnel were also present.

* * *

DAVE AND TRA McNeill have presented the Sonny McNeill family the first girl in two generations. Sunny Joleen, weighing in at six pounds and seven and one half ounces and measuring nineteen and one half inches tall, was born on August 14th in Palo Duro Hospital in Canyon. She has two brothers, Mike, who is four and one half years old, and Mark, who is two and one half years old.

Paternal grandparents are Mr. and Mrs. R. C. (Sonny) McNeill of Wayside. Maternal grandparents are Mr. and Mrs. Bill Kolb of Lubbock.

* * *

MARY JANE MILLER remains in St. Anthony's hospital recuperating from surgery. Monday I talked with her and she said that she had gotten rid of her IV's and that she was feeling better. She has a room full of flowers and friends have dropped by.

* * *

JOE WALTON HAD emergency surgery on Monday morning to combat infection in his leg injured recently in a fall. The reports on Tuesday were that Joe was better. Joe is a brother-in-law of Janice (Shipman) Walton.

* * *

MRS. ANNIE REED was moved to the Tulia Rest Home a few weeks ago from the hospital. Her health is also improved.

* * *

JOHN AND NOVALENE Toles and their Hol and grandson, Kyle, recently visited Novalene's parents and sisters in California. They also took in Fisherman's wharf, Disneyland, and tried to visit San Clemente.

Their funniest story about the whole trip was about trying to visit President Nixon's home, and check up on our tax dollars. Thank you for trying, anyway! Kyle is the son of Poe and Linda Cabe.

* * *

TEDDY OFFIELD AND Rick Spear were both home from the service during Happy Days. Teddy is very much the same good looking young man only more mature. Not so with Rick. Rick has matured into one of the finest looking young men of that generation. If you missed seeing Rick, you missed a treat.

* * *

MARCUS CONWAY **HONORED** three family members with a birthday party Tuesday evening of last week. Dr. Bill Conway had a birthday on the sixteenth of August, Leona McFarland had one on the twelfth, and Laura Conway has a birthday on the twenty third.

Dr. and Mrs. Bill Conway and their Laura and Will, Snooks and Juanita Robinson, Gene Robinson, Mary Ann and Don Magness and their Debbie, Leona and Merl McFarland, all enjoyed a hamburger cook out, homemade ice cream and cake to celebrate for the three of them.

THE NEW SCOREBOARD has arrived and is installed in the gymnasium. The new scoreboard is a cooperative effort of the Happy Booster Club and several civic organizations, businesses, and individuals of Happy.

* * *

J. T. HENRY won the bareback riding of the New Deal Junior Rodeo held in Lubbock last week end. He then received cracked ribs and a bruised kidney during the bull riding. He is moving about, but not fast.

* * *

KEN HENRY WON third in bull riding in Ogallala, Nebraska, recently. He also won parts of two go-rounds and third in the average of the Longmont, Colorado, bareback riding and split a fourth in the bareback riding in Lamar.

He told me on the telephone Tuesday that he has received a full scholarship to attend ENMU this fall.

* * *

HAVE A HAPPY day! Call in your news. It is never too late.

See ya!
Mary Neal

Graveside Rites Held For Infant

Graveside rites for the infant son of Mr. and Mrs. Joel Riddlespurger of 104 N. 28th, Apt. 88 in Canyon were held at 1 p.m. Wednesday in Llano Cemetery, Amarillo.

The baby boy had been named Bradley Wayne following his birth Monday at Palo Duro Hospital, Canyon. He died on Tuesday.

Services were conducted by Rev. B. L. Davis, pastor of the San Jacinto Baptist Church, with arrangements handled by Schooler-Gordon Funeral Directors.

Surviving in addition to the parents are four brothers, John and Allan Gilkeyson, and Jason and Jeremy Riddlespurger, also of the home; and grandparents, Mr. and Mrs. G.W. Riddlespurger of Amarillo and Mr. and Mrs. Roy Younger of Silverton.

Fire Destroys Garage-Shed

Fire destroyed a garage and storage shed owned by Pete Aragon west of Canyon off 6th Avenue about 2:30 a.m. Tuesday, according to Fire Capt. Joe Rice.

Rice said firemen responded to a call to the Aragon home at 2:38 a.m. and found the garage and shed already consumed by flames. Both structures were destroyed by the blaze.

Rice said the structures contained only miscellaneous items.

He said the cause of the blaze was not known early Tuesday.

Health. . .

(Continued from Page 1)

center in Canyon will provide an umbrella of services and support for regional health personnel already working in the Panhandle area.

Located at the headquarters will be a regional director, medical director, engineer, dentist, veterinarian and other regional officials to coordinate the activities of regional personnel, he said.

Currently Potter and Randall counties are the only two counties in the Panhandle served by a medical health care center provided by the state.

From the regional office, satellite offices will be established to provide immunizations, family planning services, child health care, maternal care, and other elements of health maintenance for currently unserved counties of the region.

The regional office will also become involved with the environmental health of the region — in sewage, garbage and sanitation.

Dr. Turkett Is Promoted

Dr. A. Keith Turkett, former head of the elementary education department at West Texas State University during 1968-71, has been promoted to chairman of East Tennessee State University's College of Education.

Dr. Turkett went to ETSU in September 1971 and had been serving as a professor of education there prior to the recent promotion.

Dr. Turkett's wife, the former Shirley Sue Miller, is an assistant professor of nursing with ETSU's associate degree nursing program. The couple has two children, Angela and Clayton.

The Canyon area was toured last week by several persons from Japan who were sponsored by the International Student Service program of the YMCA in Amarillo. Area families acted as host families last week. Above are some of the exchange students and members of one of the host families, the Bob Carthels. Front row, l-r, are Manabu Kinoshita, Hideo Tanioka, Akiia Maeda, Jana Carthel and Mitchell Carthel. Back row, l-r, Kazuyuki Nishikawa, Nobuyukio Iijima, Mrs. Bob Carthel and Steve Carthel.

School Board Votes In Tax Hike

As predicted all summer, Canyon School Board members voted unanimously Tuesday night to hike taxes by seven cents to provide funds for an ailing 1975-76 operations budget.

They also instructed Canyon High School Principal John Sommer to study the possibility of seeking competitive bids from various photographic studios for the furnishing of student pictures.

And, they expressed pleasure over the enthusiasm shown last week by their newly-organized citizens advisory committees which are studying the needs for new schools and for a possible bond issue to finance school expansion.

Ever since Texas legislators polished up and passed a school finance reform measure in early June, school Supt. Jerry Jacobs has been warning that a tax hike of about seven cents would be needed for the coming fiscal year and the possibility has been discussed at almost every school board meeting since that time.

The board's action Tuesday night set the tax rate at $1.92 per $100 on 40 per cent of valuation. Of the new rate, $1.50 per $100 will go into the operating fund and 42 cents per $100 will go into the interest and sinking funds.

Even with the tax increase voted Tuesday night, however, the school district budget for the coming year will not be balanced unless about $30,000 from the district's reserve funds is added to the operating accounts, according to an information sheet handed to board members by Jacobs.

"In the last five years, how much has the tax rate increased?" asked Dr. Dudley Moore, school board member.

"In 1970-71, the rate was $1.65," Jacobs responded.

"The percent increase is not as great as the rate of inflation," Board President Tom Keeling said.

A budget of $3,470,790 was examined only briefly by board members, who have examined the budget in detail at earlier meetings.

A public hearing on the budget will be held Tuesday at 8:30 p.m. at the school administration building (old Neblett Hospital).

The budget, according to Business Manager Ronnie Wood, includes a salary hike which averages about 19 per cent for the teaching staff of the district. Local teachers are paid $500 per year above the state minimum salary schedule, and Texas legislators mandated a pay hike for all teachers during their most recent legislative session.

In other business, the board heard Jim Sands, owner of Britain Studio in Canyon, complain that he was not allowed to bid for the right to take pictures of senior class members at Canyon High School and that the system which was instituted by Sommer works to eliminate competition.

Sands told the board he would be more than willing to give up his right, a right he's had in the past, to have an exclusive contract to provide sophomore and and junior pictures for the high school annual and other school functions.

The local photographer contended that Sommer signed a contract with Marquis of Enid, Okla., to provide senior pictures and that the contract is exclusive itself.

Under the current system, seniors may have their pictures taken at any photographic studio of their own choosing, but if their picture is to be included on a large composite photo of the entire senior class the photo must be taken by Marquis, Sands said.

"That's like saying you can buy any car you want, but we're only allowing Fords on the highway," Sands said.

Sands said he wants to see the system changed.

"My main contention is not that we didn't get it, but that we didn't get a chance," he said. "I recommend they be put up for bids. I'd like to see a change to the lowest quality bidder and I'll take my chances."

The board instructed Sommer to study the possibility of taking competitive bids for the pictures of all three classes and to return later this year to discuss his results.

Jacobs noted that the Committee for Quality Education and the Committee for Sound Financing, both board-named citizens committees, met for an initial session on Aug. 12 and showed a good deal of enthusiasm in beginning studies.

The committees are to examine the possibilities for expansion and financing of expansion for the school district's buildings.

The board was given a preliminary indication Tuesday night of how many students will be attending the local schools this fall.

Registration began Monday and continued through Tuesday with about 200 or 300 students expected to enroll through the remainder of this week.

As of about 5:30 p.m. Tuesday, Jacobs said, the school district enrollment stood at 3130 students, with 568 at Gene Howe, 934 at Rex Reeves, 912 at the junior high and 716 at the high school.

Caballero. . .

(Continued from Page 1)

for his reinstatement.

During that meeting, Caballero disclaimed the previous resignation and asked for reinstatement.

During the Aug. 2 meeting, regents Chairman Box recommended passage of a document to specifically be put into use if "Dr. Emilio Caballero is not renewed or is terminated as department head, and Dr. Caballero . . . within ten days of his receiving notice of his non-renewal or termination delivers a written request for a hearing to the President of the University."

The document adopted provides the following:

"Within ten days of delivery to the President of (Dr. Caballero's) written request for a hearing, the President shall deliver written notice to (Dr. Caballero) advising him of the causes for his non-renewal or termination in sufficient detail to fairly enable him to show any error that may exist and to have reasonable notice of the bases for his non-renewal or termination. At the same time (Dr. Caballero) shall be advised in writing of the names and the nature of the testimony of all witnesses against him.

"Within five days after the President's notification to (Dr. Caballero) of the causes and witnesses and the nature of their testimony, (Dr. Caballero) shall deliver written notice to the President of the names and nature of the testimony of any witnesses who will be called by (Dr. Caballero) in his behalf to refute the causes specified for non-renewal or termination or the witnesses against him.

"Neither (Dr. Caballero) nor the President shall be allowed to call any witness who is not named in such notices unless the hearing body determines that (1) the party against whom the witness is called has been notified as stated above of the nature of the testimony to be given by the witness, and (2) the party against whom the witness is called is not unfairly surprised by such testimony.

"Within ten days of delivery of the written request by (Dr. Caballero) for a hearing, all of the department heads of the University shall vote by secret ballot for three of their numbers to serve as members of the hearing body. At the same time all of the deans of the schools of the University shall vote by secret ballot for two of their number to serve as members of the hearing body. Such voting shall be administered by the President, who shall certify such selection concurrently to the Chairman of the Board of Regents and to (Dr. Caballero). (Dr. Caballero) may examine the vote. As soon as possible after their selection and certification the members of the hearing body shall elect a chairman to preside and act as hereinafter provided. The members of the hearing body shall have the power to elect among themselves any successors to the original chairman. The President first and (Dr. Caballero) second each shall have one preemptory challenge as to the department heads and one preemptory challenge as to the deans elected to the hearing body . . .

"On a day after the expiration of 20 days after delivery to (Dr. Caballero) of the notice advising him of the causes for his non-renewal or termination, but within 25 days thereof, (Dr. Caballero) will be accorded a hearing before the hearing body, the specific hearing date to be scheduled by the Chairman of the hearing body, as soon as possible after the hearing body is fully constituted. The President shall first put on his evidence in support of the causes for non-renewal or termination and (Dr. Caballero) will next be permitted to put on his evidence in response. Otherwise, the hearing body shall determine its own reasonable procedure in hearing the President and (Dr. Caballero). All proceedings before the hearing body shall be confidential and closed to the public unless (Dr. Caballero) delivers written notice to the Chairman of the hearing body within five days of the date scheduled for the hearing, asking that the hearing be open to the public. At the hearing both the President and Petitioner may be represented by legal counsel, who may question witnesses and argue in behalf of the party he represents. The proceedings shall be transcribed by a reporter qualified to report court proceedings and the costs of the official copy thereof shall be born by the university.

"Immediately after hearing the evidence and any argument of counsel, the hearing body shall take a vote on approval or disapproval of non-renewal or termination of (Dr. Caballero). The hearing body shall next within five days of such vote reduce its decision and the reasons for its decision to writing, which shall be signed by each member of the hearing body. The Chairman shall immediately submit such signed, written decision to the President, the Board of Regents and (Dr. Caballero).

"If (Dr. Caballero) or the President desire to appeal the determination of the hearing body to the Board of Regents, he shall within five days after the date of complete signing of the written decision submit notice of appeal to the Chairman of the hearing body, who shall transmit such notice of appeal to the Board of Regents and notify the other party thereof. If not so appealed, from, the determination of the hearing body shall be conclusive on the parties.

"The Board at its next regular meeting or a meeting specifically called for such purpose will review the hearing body's determination and will hear argument of (Dr. Caballero), the President or their legal counsel, but the Board will not hear any evidence. The Board may approve or disapprove of the hearing body's decision, or it may order that the hearing body reconsider its decision with or without the hearing of any new evidence. Such proceedings on reconsideration by the hearing body and any appeal therefrom shall be in accordance with the procedures set forth above. The Board's decision on the merits shall be conclusive of the non-renewal or termination of (Dr. Caballero)."

Fire. . .

(Continued from Page 1)

major infractions.

The state fire marshall was asked to send the inspection team to the campus earlier this summer by Miller after a series of articles in The Canyon News on fire hazards at the campus, Miller said.

"They've been in every closet and room on the campus," he said Monday.

He said their inspection includes a follow-up report recommending ways for the university to alleviate present fire hazards.

Miller had said earlier the university would attempt to comply with any recommendation made by the inspecting team.

Canyon Fire Marshall Jerry Lehnick, who accompanied the inspection team during its rounds, said the team through last week had identified about the same hazards he identified in the News articles last spring.

Among the hazards Lehnick and other local fire officials noted in the articles was the lack of adequate fire-fighting equipment in major campus buildings, the uselessness of the campus fire plugs, and the dangers in certain old administration classrooms.

Since the articles appeared, a major fire has broken out in the old administration building and classes will not be held in the structure this fall. Miller had placed classroom complexes on top floors of the building off limits shortly after the News articles appeared.

The addition of fire-fighting equipment for the building will be accomplished, Miller has said previously, if enough funds are available after remodeling costs are considered following the fire.

Highway. . .

(Continued from Page 1)

and east of Amarillo.

He said the State Highway Commission recently declined to give the district office authority to make any route designations within a northwestern quadrant of the proposed loop.

Authority, he said, has previously been given to designate routes in the southeast and southwest portions of the loop, those portions in Randall County.

The county will have to finance much of the right-of-way purchase for the loop.

As depicted tentatively on large boards at the meeting Tuesday, the southwestern loop route in Randall County would follow Hollywood Road to Soncy Road where it would curve north. The southeastern portion of the loop would also follow Hollywood Road east to beyond Eastern Street and then curve northward.

Fletcher called on the chambers of commerce, the cities and the counties to join together to pass resolutions urging the department to designate the southern routes and urging the highway commission to designate the northwestern quadrant of the highway system.

Planning for the loop has been in the mill for more than a decade and McKee told the govermental officials Tuesday that the highway commission has little money for financing future projects.

Survey. . .

(Continued from Page 1)

munity.

Among the major suggestions concerning improvement of the community were: Improving the theater, streets, sidewalks, drainage system, shopping facilities, and providing more and better recreation for all including adults and senior citizens.

Square Dancers Conduct Meeting

Canyon Capers Square Dance Club met at the Junior Livestock Building in Canyon Monday evening from 8-10:30 p.m. with Knox Day calling.

Louis Thomas called one tip for the square dancers present. The group had a hobo supper with cakes and homemade ice cream.

Several household gifts were presented to members, Mr. and Mrs. R.G. Costley, who lost their home in a fire last week while the Costleys were on a visit in New Mexico.

Home...

(Continued from Page 1)

to repair minor problems.

For major problems, the machine problem part must be replaced by the manufacturer.

"I'd like to say 'thank you' to everybody," Mrs. Williams said Tuesday. "I don't know who, but thanks."

Canyon residents and classes at Caprock High raised about $2500 to go for the purchase of the kidney dialysis machine.

Mrs. Carmen Hernandez, who spearheaded the fund-raising drive, said the Williams are currently leasing the machine until they can hear from Medicare on how much the federal government will pay on the initial cost and operating expenses.

They are also awaiting word on how much the government will pay for supplies for the machine.

Some of the $2500 has been used for a special machine used in conjunction with the dialysis unit for purifying water used in the machine.

The funds raised locally, Mrs. Hernandez said, "enabled us to bring her home and this is what we wanted to accomplish."

News Brief

"Alleluia" will be presented for the second time at the First Assembly of God Church, 2318 13th Avenue, Canyon, this weekend as the "Now Faith Singers," directed by Mrs. Frankie Buchanan, perform at 7 p.m. August 25.

Rx

WHAT IS A PRESCRIPTION?

It looks like an ordinary piece of paper with writing you can't read, to get medicines that sometimes seem expensive.

Actually, a prescription is a passport to better health. Physicians study many years to be able to write one. Pharmacists study many years to learn how to compound them. Drug firms usually spend millions to perfect the drugs in them. The relatively few dollars all this knowledge costs can save you sickness-time and sometimes your life.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

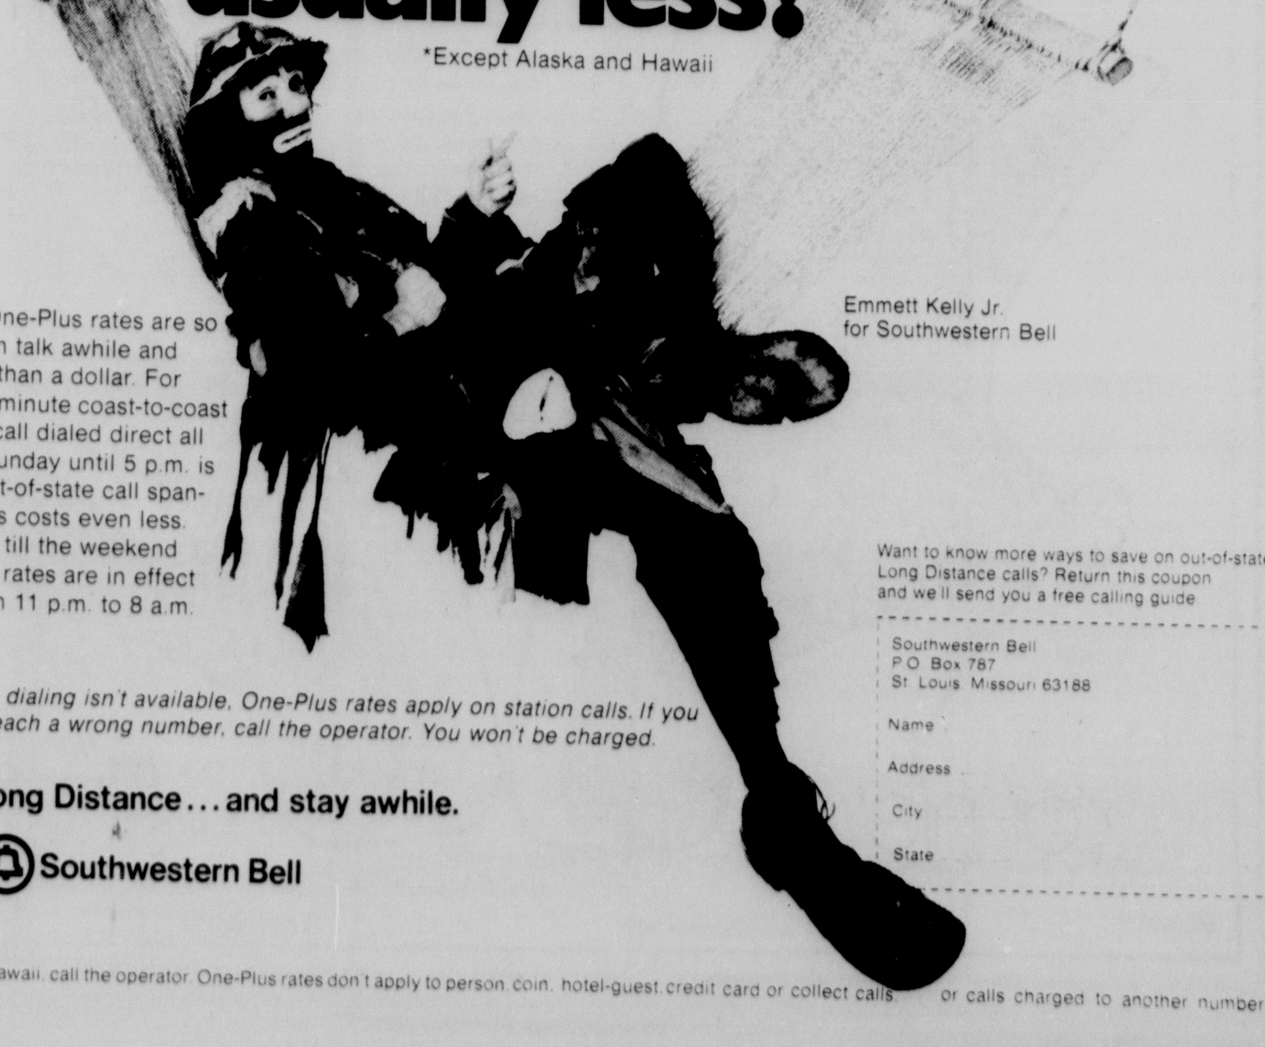
413 16th St. 655-9221

This weekend, call any other state* and talk five minutes for 86¢ or less... usually less!

*Except Alaska and Hawaii



Our weekend One-Plus rates are so low that you can talk awhile and still spend less than a dollar. For instance, a five-minute coast-to-coast Long Distance call dialed direct all Saturday and Sunday until 5 p.m. is only 86¢. An out-of-state call spanning fewer miles costs even less. If you can't wait till the weekend these same low rates are in effect every night from 11 p.m. to 8 a.m.

Emmett Kelly Jr. for Southwestern Bell

Want to know more ways to save on out-of-state Long Distance calls? Return this coupon and we'll send you a free calling guide.

Southwestern Bell
P.O. Box 787

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.

Southwestern Bell

*For rates to Alaska and Hawaii, call the operator. One-Plus rates don't apply to person, coin, hotel-guest, credit card or collect calls or calls charged to another number.

Cowboy boots were the order of the day as Kazuumi Ayada and Tatsuji Miyawaki went on a shopping spree prior to departing for their Japanese homeland. Dr. Kenneth Waugh of the Canyon Lions Club and Wayne Stribling, store manager, were on hand as the two foreign students looked over various western attire to take home.

Japanese Visitors Taking Boots To Homeland

Western boots and other authentic attire representing a visit to Texas were being sought by Kazuumi Ayada and Tatsuji Miyawaki before departing on a return trip to their Japanese homeland.

The two young men have been in the local area for a six week period as a part of the International Lions Clubs student exchange program. Prior to their arrival, the two Japanese students had "been looking forward to the trip some six months."

Both had been accepted for the program by their host Japanese Lions Clubs and have been here visiting in several Canyon-Amarillo homes. Kazuumi Ayada spent the first two weeks of his stay here with the Joe Cooper family and then was a guest in the Willie McAlpin home about four weeks. Tatsuji Miyawaki spent a portion of his six week visit in several Amarillo homes and also spent some time with Dr. Kenneth Waugh and family in Canyon.

The two young men will be leaving the Canyon-Amarillo area on Friday for the trip home. They will stop in Denver, Colo. and after an overnight stopover in San Francisco, Calif. will board a plane for the return flight to Japan.

The return flight will go over Anchorage, Alaska as it is "shorter than going straight across the globe," confirmed Dr. Waugh.

While in the Canyon area, the two Japanese students were entertained with attendance at the outdoor drama "TEXAS."

Numerous other area sights impressed both with Kazuumi's hosts entertaining him on a trip to Carlsbad Caverns in New Mexico and a visit to the Kerrville Crippled Children's Camp sponsored by Lions Clubs.

Tatsuji had the opportunity to tour in Pawnee and Stillwater, Okla. areas with his host families. He also toured the television station of KAMR, Channel 4, in Amarillo, visited an area feedyard and spent some time at Cal Farley's Boys Ranch.

When they get home to Japan, both boys will be enrolled at Osaka Institute of Technology where Kazuumi is an industrial economy major (comparable to a marketing major in the American system) and Tatsuji will continue his study of electronics.

Their homes are situated some 200 miles apart in Japan with Kazuumi from Takamatser City and Tatsuji from Kobe City. Asked about their impressions of the American west, both agreed that one of the main differences found was "no mountains here."

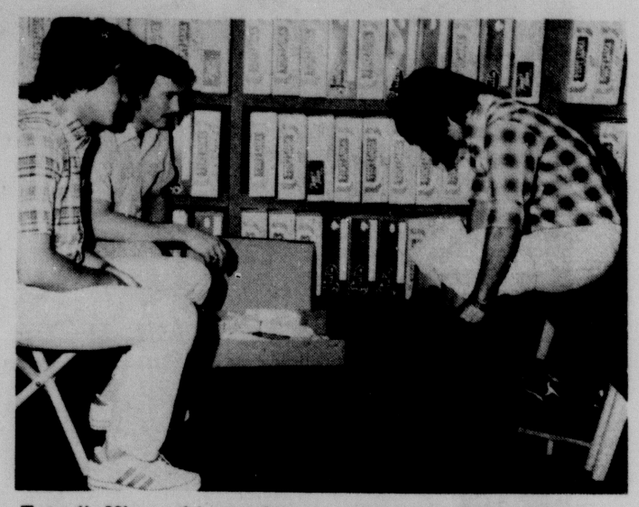
In their homeland the winter is more filled with wind, typhoons are most prevalent during the autumn season. They agreed that the rainy season for Japan comes from May to early July.

Dr. Kenneth Waugh and Wayne Stribling, manager of West Texas Western Store, were with Kazuumi and Tatsuji as they viewed a large assortment of western regalia and discussed "boots to take home." As they discussed the boot assortment of water buffalo, lizard skin, elephant hide, ostrich, and kangaroo the group came to a shark skin boot with the two boys confirming the thought "Oh, Jaws."

Numerous Canyon Lions Club members have been involved in the Student Exchange Program over the years and last winter, according to Dr. Waugh, the District 2T-1 Lions entertained three students from Brazil.

This spring Dr. Waugh and Dr. Jo Bush of West Texas State University were invited to address an advanced educational conference in Denmark and were houseguests of a family in Stockholm, Sweden, where Dr. Waugh's own daughter, Patti, spent time several years ago on the Lions Exchange Program.

"While there," said Dr. Waugh, "we also had the opportunity to see several foreign students who were visitors in Canyon homes through the years of the Exchange Program."



Tatsuji Miyawaki watches as his countryman, Kazuumi Ayada, tries on a pair of western boots at West Texas Western Store in Canyon. Assisting with the proper fit is Wayne Stribling, manager of the local firm.

Household Shower For Bob Costleys

Friends and neighbors of Mr. and Mrs. Bob Costley have scheduled a "household shower" for the couple will be held Tuesday, Aug. 26, from 7-9:30 p.m. at Canyon Community Center.

The shower is being sponsored by the four chapters of Beta Sigma Phi sorority in Canyon and all friends of the couple are invited.

The Costleys lost all household goods, personal clothing and their $70,000 home in a fire Wednesday evening, Aug. 13. Lightning was the apparent cause of the fire as units from Amarillo, Tanglewood and the Canyon Volunteer Department responded to the report.

Fair Time Approaches

By BECKY HALL
County Extension Agent

It's almost Tri-State Fair time again — September 15-20, 1975.

The 4-H Better Bake Show products will be received Saturday, Sept. 13, from 10 a.m. to 12 noon. Judging begins at noon. Kathy Adams is the Randall County 4-H Bake Queen; Mary Jo Turpin is the alternate. Products for the show are chocolate chip cookies and plain yeast rolls.

Culinary entries including baked goods such as bread, cakes, cookies, pastries and candies will be accepted Saturday, Sept. 13 until noon in the Art Building.

Canned goods will be accepted on Thursday, Sept. 11 and Friday, Sept. 12 from 10 a.m. until 5 p.m. All canned products must be exhibited in standard regulation glass canning jars (size specified for each class). NO mayonnaise, coffee or other odd jars will be accepted. The size jars in the canning class are quarts, pints or pint and one-half, except jellies and preserves which specify pints, half pints or jelly glasses.

The junior culinary division has the same rules as the seniors but for age. Any person 18 years of age or younger may compete. The junior division will display separately.

The textile department will receive entries on Sept. 11 and 12 from 10 a.m. until 5 p.m. There is a special class for Senior Citizens and a division for juniors (12 years and under) and a teenage division (13 through 18 years). The textile department is located in the Arts Building on the Tri-State Fair Grounds.

For specific information check your fair catalog. If you do not have one write the Tri-State Fair, P.O. Box 1087, Amarillo, TX 79105, or call 376-7767 and ask them to mail one to you.

Other departments homemakers would be interested in include: art, ceramics, china painting. Art entries will be received in the Art Building Sept. 12, 10 a.m. to 4 p.m. and on Saturday, Sept. 13 until noon. Ceramics entries will be received Saturday, Sept. 13 from 10 a.m. until 4 p.m.

The art department has divisions for professional, adult, senior student and junior student. There are 11 classes in art, including water color, oils and acrylics, drawings, graphic arts, pastels, caricature, sculpture, mixed media collage, metal crafts, and jewelry, plastics and ceramics.

There are many livestock divisions with specific rules and deadlines for each.

Sr. Citizens Meet Tonight

The weekly supper meeting for Canyon Senior Citizens Association will be held this evening, Aug. 21, at 7 p.m. in the Canyon Community Center.

All senior citizens, 55 and older, are invited to share potluck supper dishes and join in fellowship and games afterward.

Bridal Shower Honors Couple

A miscellaneous bridal shower honoring Miss Kathleen Ann Brown, bride-elect of Russell Barnhill, was held Sunday afternoon at the home of Mrs. Ethel Lewis, 1100 Hillcrest in Canyon.

Receiving guests with the honoree, Miss Brown, and hostess, Mrs. Lewis, were Mrs. Harry A. Brown of Canyon, mother of the bride-elect, and Mrs. Jack Barnhill of Turkey, mother of the prospective bridegroom. The couple has scheduled their marriage for Saturday, Aug. 23.

A hand crochet lace cloth covered the refreshment table with crystal and silver appointments being used for the event. A bouquet of pink roses centered the serving table where Jacqueline Crump of Turkey, sister of the prospective bridegroom, served refreshments. Presiding at the guest book was another of the prospective bridegroom's sisters, Beverly Marrs of Friona.

Assisting Mrs. Lewis with hostess duties were co-hostesses Mrs. W.J. Wooten, Mrs. A.L. Crossland and Mrs. O.W. Parker, Jr.

Siesta Noticias

New Tenants Welcomed At Siesta

By DORIS McKEE

WE WOULD LIKE to welcome the new park tenants, Mr. and Mrs. Gentry at 202 LaFiesta, Mr. and Mrs. Donald May at 204 LaFiesta, Billy and Cheri Earls at 217 LaFiesta, Mr. and Mrs. D.L. Fluke and family at 236 LaFiesta, Mr. and Mrs. Schoenenberger at 237 LaFiesta, Jim and Mary Groves at 257 LaFiesta, Mr. and Mrs. Matchen and family at 206 Loma Linda, Mr. and Mrs. Robert B. Mitchell at 236 Loma Linda, Mr. and Mrs. C.G. Hoster at 252 Loma Linda, Jim and Elmonda Wallace at 264 Loma Linda, Mr. and Mrs. Phil Clark at 154 Siesta Lane and Suzie Hill and Debbie Bowker at 156 Siesta Lane.

We certainly hope all of you will like it here with us.

* * *

MONDAY WAS A real hustle-bustle day for parents trying hard to get all the kids enrolled back in school.

On Wednesday, up early, got ready, buses ran, ole school bell rang, then time to sit and study.

Seems lots of our kids here were really ready to start school and a lot of us moms were ready and relieved that the time had finally rolled around again.

* * *

SEEMS WE HAVE a new ding-dong lady here in Siesta. If you need anything, just give Ann a call at 353-9710 or go by 120 Siesta Lane.

* * *

WE SURE WERE glad to get our daughter, DeAnn, home this week-end.

My mom, Mrs. E.M. Weaver of Lubbock, showed up late Sunday evening returning DeAnn, after a week's visit. Mom stayed a few days before returning home.

* * *

TALKED TO EUNICE Rinehart early this week. She said that she and Barney weren't doing much. They did have some overnight guests this week-end. Gladys (Eunice's sister) and Guinn Davenport of Vernon came by on their way home from Colorado. Eunice and Barney enjoyed their visit very much.

* * *

TALKED TO JACK Buckner this week and learned that he and Margie had been to Gastonia, N.C. on a 10 day vacation a few weeks back.

Margie's folks, Mr. and Mrs. A.L. Finley, Charles and Susan of Roscoe, Tex., also made the trip.

In Gastonia they visited an aunt and uncle of Margie's, Mr. and Mrs. Jim Vause. Jack and Margie stayed several nights in the Vause's cabin in the Kings Mountains, where they had a lovely time.

Jack said the trees, mountains and all the scenery was just beautiful. One day they made a trip over to Asheville to tour the Biltmore House, the largest private residence ever built. It was the home of George W. Vanderbilt. Jack said it was beautiful and they were very glad they made the trip over to see it.

On their return trip they spent a couple of nights in Roscoe, Tex. They also visited with Jack's brother, Mike Buckner, and family, in Abilene, where they did some water skiing. All in all Jack said it had been a very enjoyable vacation trip.

* * *

LAST THURSDAY NIGHT to the surprise of some of us park residents a Greyhound bus appeared. Seems the driver was Jerry Buckner of Albuquerque, who had brought a charter bus of people to Amarillo for a meeting and had a free night, which he spent here visiting his brother and sister-in-law, Jack and Margie Buckner at 129 LaFiesta.

* * *

SEEMS MRS. RUBY (Granny) Huddleston had a bit of luck on Saturday night when she went to the country club to play bingo. She said she couldn't win at bingo, but she did win the door prize.

* * *

PAT AND TEX Reed are anxiously awaiting the arrival of Pat's son and daughter-in-law, Skip and Donna Bowes, who are moving here in the near future.

Seems Pat and Tex had Dale and Pearl West over recently. Pat and Pearl visited and Dale helped Tex put up a new storage building. All enjoyed a good cookout.

* * *

DAVIA RINNE CELEBRATED her birthday with a slumber party on Wednesday night with Timma Thomas, Lenise Bybee and Mary Jo Turpin as her guests.

They did some swimming, had barbecued hamburgers, cake and ice cream and stayed up very late talking.

* * *

ON FRIDAY KATIE, Davia, and Kathie Rinne drove to Slaton where they met Albert. They visited with Katie's sisters, Kenna and Robin and their families.

Katie and Albert spent several hours visiting with Katie's grandmother, Mrs. M.F. Hancock in the Slaton Nursing Home. They also visited Albert's folks, Mr. and Mrs. A.A. Rinne in Wilson.

After lunch there Saturday they headed for Siesta, but not before they loaded up with several dozen ears of corn to put in the freezer.

On Sunday morning the Rinnes drove on over to Lake Meredith where they took a tour of Bugbee Estates. For making the tour they received gifts of a clock and Corning Ware.

* * *

ROSCOE SHIPLEY WAS in Phoenix, Ariz. for several days last week. He was helping set up three new Furr Food Stores there. Also, Sharon Shipley recently went to work at Diamond Shamrock in Amarillo.

* * *

RAYLENE QUALLS TOOK the boys, Paul Jr., Guy and Jamie, for a visit to Meadow, Tex. to see Raylene's grandmother, Mrs. Alma Wright, for a few days last week.

* * *

GOSH, OH GEE, seems that six foot fence is really going up around the Hoffman home. Just thought I'd tell you guys, Jon and Diana, that it's looking real good.

* * *

ROYCE (MY OWN SPOUSE) took off a little time last week and took Tod and Marty on an overnight camping-fishing trip. They had a ball, but didn't catch any fish over at Greenbelt. Oh, well, better luck next year.

* * *

GUESS IT'S TIME to put down the ole pen for another week. Don't know if I need to go pick the peas and beans or water them.

This canning is really an experience, and the really great time will come in the eating of it during this winter. Will be here next week, so keep on reading.

Thought for this week: "Walk easy, so you don't step on your own toes."

See ya.

Doris McKee — 355-4133

Generations Gather Here

The Elbert L. Seitz family entertained a number of relatives during the past week end and had the opportunity for two pictures to be taken of four generations from each side of the family.

Guests in the Seitz home were Mr. and Mrs. R.L. Seitz, parents of Elbert, and Mrs. Euna Denton, the mother of Mrs. Elbert Seitz.

Joining the family group for the week end were Mr. and Mrs. Garland Seitz and daughter, Kimberly, from Eldorado, Okla.

Completing the four generations on both sides for the family photographers were Jo Jan Nunley, daughter of Mr. and Mrs. Elbert Seitz, and her daughter, Scarlet Michelle.

Aug. 29 — Cod Fish Fillet; French Fries; June Peas; Bread; Milk; Cinnamon Rolls.

Class To Be Held In Amarillo

The works of such contemporary authors as Kurt Vonnegut, John Updike and Ken Kesey will be featured in West Texas State University's Studies in American Literature (Contemporary Novels) in Amarillo this fall.

Taught by Associate Professor of English Richard Moseley, the class will be held Tuesday evenings beginning at 7 p.m. at Amarillo College.

"We will deal with the major themes and evolving techniques of contemporary fiction in America," Moseley says.

Other authors to be studied are Carson McCullers, Bernard Malamud, Saul Bellow and Joyce Carol Oates.

Students participating in the seminar class will analyze each author's techniques for portraying major American themes such as human sexuality, alienation, violence and big government.

Students who wish to take this and other Amarillo-only courses may register August 27 from 7:30 to 8:30 p.m. at the AC Vocational Arts campus near the Range Riders Rodeo and the Veteran's Hospital. Students who wish to take Amarillo and Canyon courses, or those who cannot make the August 27 time, will register August 29 and 30 at the WTSU Activities Center.

For more information, contact the registrar at telephone 656-3331.

Young Farmers To Meet Tonight

The Randall County Young Farmers and Ranchers will hold an organizational meeting at 8 p.m. tonight in the Canyon High School agriculture building.

The group will adopt their constitution and set their by-laws.

Anyone interested, whether in the agriculture community or not, are invited to attend the meeting.

On Sept. 6, the group will be meeting in Plainview for the Texas Young Farmers Area Convention.

City Woman Teaches

Cynthia Thompson has accepted a fourth grade teaching position with the Katy Independent School District near Houston.

Mrs. Thompson, daughter of Dr. and Mrs. W.M. (Fred) Stoker of Canyon is a graduate of the University of Houston and formerly attended Texas Tech University and West Texas State University.

Her husband, Jim, is a petroleum engineer for Tenneco Oil Company of Houston.

Gene Howe News

School Begins At Gene Howe

By KAROLYN FARMER

AS I WRITE this column, everyone has already registered at Gene Howe and is looking forward to their first day of school — or almost everyone.

Our youngest son, Carl, woke up Monday morning with a sore throat and fever. I took him to the doctor and we learned that he would have to miss his first week of school.

When I informed Mr. Lawless of Carl's misfortune, he offered his condolences and then said, "Well, I don't guess he'll have a perfect attendance record this year." Leave it to our principal to think of something like that.

* * *

DOUG CLARK HAS also been the victim of a recent misfortune. Doug, who was scheduled to begin the 8th grade at Canyon Junior High this week, is now in St. Anthony's Hospital following surgery last Friday.

It seems he was just sitting on his motorcycle and lost his balance. The cycle fell over and the gear shift lever penetrated his left foot. Doug was taken to the emergency room at the hospital that day, but later complications set in and surgery was necessary.

Doug's parents are Robert and LoAnn Clark. His mother says that he is doing much better but will have to remain in the hospital for an indefinite length of time. He is in Room 432 at St. Anthony's Hospital in Amarillo.

* * *

DUE TO A mixup somewhere along the line, part of the details about Mrs. Ronnie (Johnnie) Gordon and her family were omitted from last week's column. So I'll just finish filling you in on the Gordons this week.

If you read last week's column, you already know that Johnnie is a new teacher at Gene Howe this year and will be teaching a third grade class.

Johnnie and Ronnie are the parents of three children: Kellie, who is 12; Leslie, who is 11; and Scottie, who is 6.

Also, the Gordons are active members of First Baptist Church in Canyon where they are leaders and teachers in the 3rd and 4th Grade Department.

* * *

MARTIN C. NELMS is another new addition at Gene Howe School this year. He will be working on a part-time basis as a custodian assisting Mr. Robert White.

Mr. Nelms is the father of Louise Dickerson, our former school secretary. He is retired from Northern Natural Gas Company after 21 years with that company. He and Mrs. Nelms lived in Pampa and El Dorado before moving to Amarillo six months ago.

* * *

ELAINE AND DAN Trew, Tammy and Terry, have done a lot of traveling this summer. In July the family took their camper to Colorado Springs where, Elaine said, they "did what most tourists do." They especially enjoyed riding the cog railroad up Pike's Peak.

In August the Trews went to Corpus Christi where Dan attended the annual Mid-Management Conference. Dan teaches in the Mid-Management Department at Amarillo College. While in Corpus Christi, they took a cruise out into the Gulf.

The Trews also made stops both going to and coming from Corpus Christi to visit their son, Tom, in Austin. Tom is majoring in business at the University of Texas and will be a senior this year.

Both Tammy and Terry Trew are seniors at CHS and Dan and Elaine will be serving this year as presidents of the CHS Band Parents.

Elaine is, of course, also one of the second grade teachers at Gene Howe.

* * *

SHEILA HICKS PARTICIPATED in the Texas Age Group State Championship Swim Meet this past week-end. The meet was held at the WT pool and it was the first time that the statewide meet had been held in this part of our state.

Over 600 swimmers took part in the events which lasted from early Friday morning to late Sunday evening. Sheila's relay team placed 3rd in the 400 medley relay and 5th in the 400 free relay.

The Amarillo Aquatic Club team, for which Sheila swims, placed 3rd out of the 55 teams that were entered in the meet.

Johnny Hicks was the assistant head timekeeper for the meet and Phyllis Hicks served as one of the judges for the events. John Hicks also did his part by assisting his parents and the other officials during the meet.

* * *

DOROTHY AND JIM Bruce and their son, Shelby, are newly established residents of the Gene Howe area. The Bruces own Bruce Landscape Service, which is now located at their home at 7600 S. Western. Jim does all kinds of landscape work, including pruning, spraying, putting in lawns, etc.

Dorothy and Jim have three grown children. One of their sons and their daughter live in Amarillo and another son lives in Dodge City, Kan. Shelby Bruce will be in kindergarten this year at Gene Howe.

The Bruces are both originally from Allenreed. They moved to their present home in July from another home in Amarillo.

* * *

PETE WILSON, CINDY, Mike, Steve and Ramona recently spent several days vacationing in New Mexico. The Wilsons toured Carlsbad Caverns and enjoyed relaxing at the picturesque park in Carlsbad, N.M.

They also visited Ruidoso where they went to Lookout Point and enjoyed riding horses. The kids especially liked just staying at a motel and swimming in the pool there.

While the rest of her family was in New Mexico, Sylvia and their daughter, Sherry, stayed at home to mind the family store, Cox's Fruit Market, which is located on Grand Street in Amarillo.

Also, happy birthday wishes go to Pete Wilson who celebrated his 39th birthday on August 18th. (Anyway, Pete says he's only 39).

* * *

MIKE AND JUDY Mebane are scheduled to move to Keyport,Wash. on August 25th. Mike, who is in the Marines, will be stationed at the base which is near Seattle.

Mike and Judy were married on June 28th. Judy is the daughter of Bobby and Ina Aduddell.

* * *

RAYDELL PALMER AND Darlene Campbell attended a family reunion of members of their mother's family this summer. Also at the Hayes family reunion were Raydell's husband Don and children, Shonda and Shane. Kelli and Darla Campbell went along with Darlene to the reunion which was held in Henderson, Tex.

* * *

RONNIE CATES IS spending a few days at home before resuming his studies at Baylor University. Also visiting in the Cates home is Trisha Shands from Houston.

Ronnie and Trisha will both be juniors at Baylor this fall, where Ronnie is majoring in pre-med and Trisha is majoring in music.

* * *

ROY AND SHERRIE Cates celebrated their 24th wedding anniversary on Monday, Aug. 18th. Roy and Sherrie, along with their sons, Ronnie, Ken and Greg, and Trisha Shands, all went to see "TEXAS" in honor of the special occasion.

* * *

WENDELL AND LINDA Trammell, Donnie, Chris and Jenny, spent a few days camping out at Cimarron Canyon in New Mexico this last week. The Trammell family enjoyed fishing and hiking in the woods. Chris caught a 12 inch fish (species unknown), which made him the official champion fisherman of the family.

* * *

LINDA TRAMMELL SAID the most exciting part of her summer happened last week at the Happy Days Celebration. Linda exhibited one of her oil paintings in the Happy Days Art Show and the painting was purchased by an unknown art collector.

Linda said it was both the first time she had exhibited one of her paintings and also the first one she had ever sold, which made it especially exciting for her. The painting was a scene of a horse and a cowboy.

* * *

JOHNNY AND SUE Hanson, Polly and John spent 16 days this summer traveling through the Western United States. The Hansons managed to put 4,500 miles on their car as they visited parts of New Mexico, Arizona, Utah, Idaho, Montana, Wyoming and Colorado.

Some of the stops along the way were in Salt Lake City, Yellowstone National Park and the Grand Canyon. The Hansons really enjoyed visiting Glacier National Park.

Even though it was in the middle of July, Sue said the snow plows were out clearing the roads in the park while they were there.

* * *

IF YOU ARE in the market for a kitten, call the Johnny Hanson home at 352-2095. The Hansons have two black kittens to give away. They are part Siamese, are eight weeks old, and are one of each, (male and female, that is).

* * *

JERRY AND KATHLEEN Martindale, Mike and Leslie, took a week's vacation trip to Lake City, Colo. recently. The Martindales spent their first night camping out at Red River, N.M. Kathleen said it rained all night, Mike was sick with the flu, and they all nearly froze, but the trip did get better after that.

While in Lake City, the family stayed in one of the lake cabins and enjoyed fishing and jeep riding through the mountains.

* * *

THIS PAST WEEKEND our daughter, Brenda, and I, along with my mother, Dorine Howe, and my aunt, Pauline Crider, went to Hugoton, Kan. for the wedding of my cousin, Karen Horner, to Lyle English of Eureka, Kan.

Brenda was a bridesmaid in the wedding, which was an especially lovely ceremony. Karen had planned one thing for her wedding which I thought was very appropriate — instead of the usual little packages of rice wrapped in nylon net, they furnished us with wheat to throw at the bride and groom as they departed. Since both the bride and groom are natives of the "Wheat State," I thought that was really a cute idea.

* * *

ACCORDING TO THE local grapevine, Billie Jean King is in for some stiff competition from our own Sarah Edwards, who we understand swings a mean tennis racket (among her many other talents).

* * *

I'VE ALWAYS HEARD about "fleeting smiles" and "fleeting glances," but I really believe this has been the "fleetingest" summer on record. Oh, well, I guess there's no use crying over spilled lemonade.

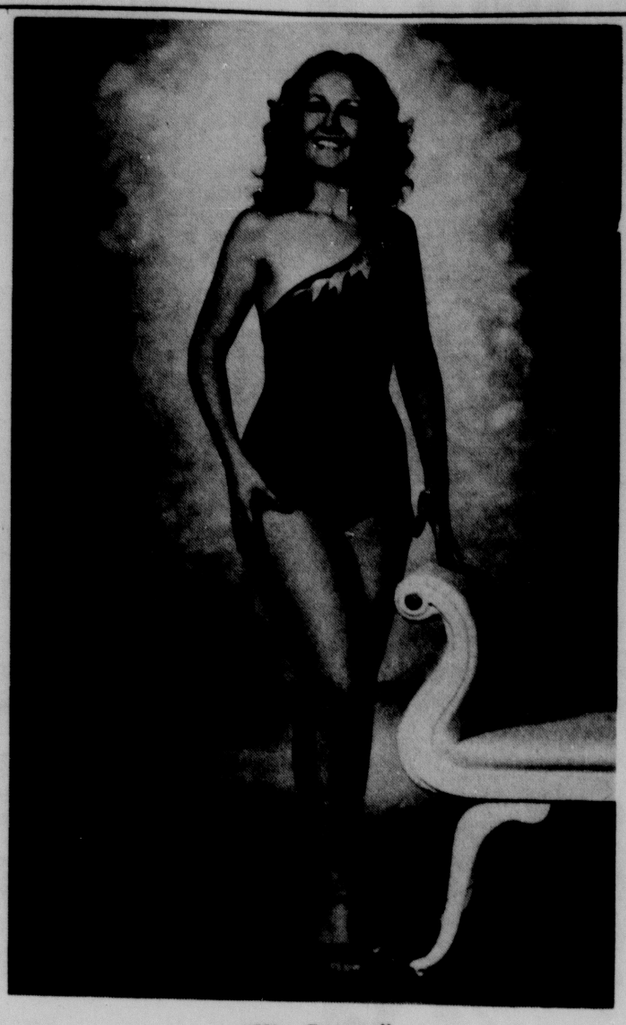
Ben Richardson Receives Stipend

Ben Richardson of Canyon will return to West Texas State University this fall with a $200 Residence Hall Scholarship.

He was selected to receive this scholarship for his scholastic abilities and extracurricular activities.

The 1972 graduate of Canyon High School is majoring in chemistry at West Texas State.

He is the son of Newton J. Richardson of 1102 8th Avenue.



"Miss Canyon" Sharla Wright

'Miss Canyon' In Wheatheart

Sharla Wright of Canyon will be among 30 entrants in the annual "Wheatheart of the Nation" pageant Saturday evening, Aug. 23, in Perryton.

Miss Wright was selected to reign as "Miss Canyon" during a spring beauty pageant held here this year. She is the daughter of Jim and Betty Wright of Amarillo and a 1975 graduate of Canyon High School.

The black-haired, green-eyed lass plans to attend West Texas State University this fall pursuing a degree in law. The winning candidate in the contest Saturday evening will receive a $1,000 college scholarship for use at the college of her choice. First runnerup is in line for a $500 educational scholarship with second runnerup to receive a $250 educational scholarship. Other top contestants will be presented with participation prizes.

Competition will include judging in swimsuits and formals with Perryton Chamber of Commerce Manager, Leo Meyers, as master of ceremonies. Beauty contestants will be honored with a noon luncheon Saturday and be interviewed by judges: Mrs. Linnie (B.M.) Simms of Wellington, Former Congressman Bob Price of Pampa and Mrs. Jack Geddes of Lubbock at that time.

The contestants will be presented during the Saturday morning parade which marks the final day of a week long birthday celebration for the city of Perryton. The Wheatheart Pageant will be conducted Saturday evening with the reigning "Miss Wheatheart," Kim Higgins of Guymon, presenting the new queen with the crown she will wear throughout the coming year.

Held annually, the pageant is designed to draw attention to the importance of wheat on both the state and national level and is one of several methods informing the public of the economic importance of the wheat industry in the country today.

"I Am Woman" is the theme for this year's pageant which includes entries from four states. Two special production numbers will involve the total group of pageant contestants as they perform "I Am Woman" and "Hey, Look Me Over."

Saturday is the big day of the annual celebration with a free breakfast from 5-8 a.m. at the United shopping center parking lot beginning festivities. Other events scheduled are a gunbattle re-enactment at 7:45 a.m. in the adjoining city park, an old timers reunion from 8-10 a.m. with the parade featuring Wheatheart contestants at 10 a.m.

Area visitors will be entertained at a carnival on the fairgrounds near the rodeo arena with rides, games and local booths for family entertainment. The final events of the Perryton High School Tri-State Rodeo are set for 2 p.m. Saturday afternoon to be followed by the beauty pageant and a Jaycee sponsored dance at the VFW Hall.

'Time To Run' To Be Shown

"Time to Run," a film that is a mixture of problems and solutions, will be shown at Calvary Baptist Church at 800 8th St. on Sunday, Aug. 24. The feature film will be shown once beginning at 6 p.m.

Filmed on location in the Southern California area, "Time to Run" stars Ed Nelson, Randall Carver, Barbara Sigel, Joan Winmill and Gordon Rigsby.

Nelson plays Warren Cole, a hard driving success-oriented industrial and scientific engineer who, because of over-involvement with his work, has failed to communicate with his wife Fran, played by Joan Winmill, or their son Jeff, played by screen newcomer Randall Carver.

The film allows viewers to become involved strictly for entertainment, at an emotional level or with religious perspective. It is a film applauded as a strengthening agent for relationships between people.

All local residents are invited to view the film Sunday evening at Calvary Baptist Church.

WTSU Student Finds Area Wind Best As Energy Source

"Amarillo is the best site in the area for the location of wind energy conversion systems," says West Texas State University graduate student in physics Eddie Patterson in his master's thesis.

The Wellington native has spent the last year analyzing data on an area which includes the Texas and Oklahoma Panhandles and small portions of eastern Oklahoma and western New Mexico.

Patterson divided this region into one-half degree squares, which he evaluated their site desirability on three criteria: the amount of wind energy available, land usage and population distribution.

To determine the amount of wind energy available Patterson established wind contour lines in the region. He then looked at how the land was being used — whether for crops, pasture, range or forest — to estimate the cost for purchase of the site location.

"You need to place the systems on the least expensive land," he noted.

The final criteria for evaluation was population distribution.

"You want to have a large population next to the grid site to reduce the cost of transportation lines and the loss of energy," he said.

"No matter how you weigh the factors," Patterson concludes, "Amarillo is the best site. Not just because of the population, but because of the amount of wind energy available."

Patterson will graduate from West Texas State at the end of the summer with his master's degree in physics. He received his undergraduate degree from Bethany Nazarene College in Bethany, Okla.

Commissioners Face Few Complaints At Tax Equalization Hearing

Randall County commissioners heard few complaints about their recent tax increase during a session during which they set as a board of equalization Monday afternoon.

Fewer than a dozen taxpayers showed up to discuss taxes with the commissioners, who during July raised taxes from $1.05 per $100 on 17 per cent of valuation to 95 cents per $100 on 25 per cent of valuation.

Twenty-five thousand notices had been sent out to taxpayers in the county notifying them of the tax increase and of the board of equalization meeting.

No business or utility company representatives showed up Aug. 11 for an earlier board meeting after they had been notified of the increase.

During a regular meeting before the board of equalization meeting, commissioners tabled action on a requested insurance premium increase for county employees.

The increase, proposed by Charles Fritch of Republic National Life Insurance Co., would have raised premiums of county employees by 50 per cent beginning Sept. 1.

However, Dee Griffin, a commissioner and himself an insurance agent, questioned Fritch on the proposed increases and called for commissioners to seek bids from other companies for the county's business.

Fritch argued that from its actual experience in the county, the company was well justified in hiking the rates. He noted, for example, that during the past year the company has paid out 104 per cent more than it has collected in premiums from county employees.

And, he attributed a bulk of the hike to the rising insurance rates which are being charged doctors and hospitals for malpractice insurance. He said those rates were being passed on to hospital and doctor patients and thus increasing the bills to patients.

Griffin suggested County Judge Woody Pond contact the company and ask for a one-month extension on the old insurance rates in order for the commissioners to have time to further consider the hike.

"I really think we should take bids and I highly suggest we take $100 deductible," he said.

Griffin indicated it might be to the county's advantage to seek another insurance firm and that in that eventuality it might also be advantageous to provide health insurance policies for $100 deductible.

He said it might also be possible to beat Republic National's rates for life insurance.

In other business, commissioners reluctantly approved a plat from Timbercreek Canyon for a sixth unit of housing development there.

WT Ag Students Take Tour

Fifteen West Texas State University students have traveled south for 10 days to visit agricultural businesses and ranches as part of a Field Study Course in Agriculture.

They will visit Plains Cotton Coop Association, Feather Fabrics and Plains Coop Oil Mill in Lubbock.

They will tour Western Wool and Mohair Co., Armour and Co. and Producers Livestock Auction in San Angelo.

Scheduled on their travels in San Antonio are the Farmers Market, P & M Products and Pearl Brewery. Visits to the screwworm eradication program, orchards, the Texas Citrus Exchange and the Rio Grande Valley Sugar Growers are planned in the Rio Grande Valley area.

Also included will be tours of the King Ranch, the Texas Agricultural Experiment Station in Corpus Christi, the Matagorda County Rice Farmers Coop, the Federal Reserve and the Dallas Cotton Exchange.

Sponsored by WTSU Assistant Professor of Agricultural Business and Economics, Don Williams, the course is for two hours of credit.

Ribbon-cutting ceremonies were held Saturday for one of Canyon's newest businesses, the Canyon branch of Imperial Savings and Loan. Above, branch manager June Crooks, left, watches as city commissioner Jim Christopher cuts the ribbon.

An Unusual Opportunity

I'm in the Business of Helping People To Become Successful.

Let me introduce you to a very unusual Business opportunity. It is an opportunity where: (18 years or older)

- You can build a Business without leaving your present work.
- You do not have to risk capitol.
- You can build a sizeable royalty income in a few years which will stay with you indefinitely.
- You can relocate and your business will follow you.
- You can be your own Boss and set your own hours.

Unusual isn't it? I won't mention income figures. But I can assure you that you can earn more in this Business on a part-time basis than you can earn in your present line of work, full-time.

I don't know what your concept of a Business is, but I'm sure that after you look into this unique program, you will have an entirely different idea of what a Business can be. There is no other Business like this in America today.

Would you like to try your hand at building a Business? Are you willing to set aside an evening a week if it would mean financial independence?

If you are — The next move is yours.

Now that you've read this you must be interested.

Please write for an appointment. Give — Name, Address, and Phone.

Buffs Loaded With Top Recruits

The West Texas State University football squad began preparation Monday for the season opener against Wichita State Sept. 6.

Incoming freshmen recruits may play a big part in the success of the Buffaloes this season. Robert Mayberry and Donnie Davis are two of twenty-four top schoolboy recruits now working out twice a day for Buff head coach Gene Mayfield.

Mayberry, a football product of Dimmitt, earned honor after honor while playing for Deane Wright, former Dimmitt coach and now head coach and athletic director at Canyon High School.

Mayberry's awards include All-District offense and defense; All-South Plains; All-West Texas halfback; All-State defense; Panhandle Super Team and to top it all, Mayberry was named as a High School All-America running back.

One of the most sought after high school players, Mayberry was offered scholarships to Texas A&M, University of Missouri, UCLA, SMU, University of Nebraska, New Mexico State University and the University of Southern California.

The young halfback has been slowed with knee injuries but says he is completely healed and ready to play. Mayberry has had surgery performed on his left knee twice and once on his right knee.

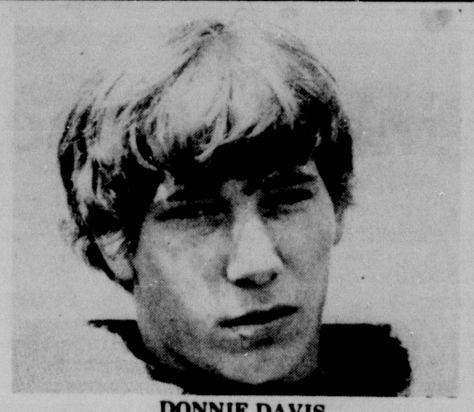
Davis, another top recruit, comes to the WTSU campus from Spearman.

Davis was an All-District pick for three years. As a senior he earned All-State honors along with being tabbed for the Panhandle Super Team.

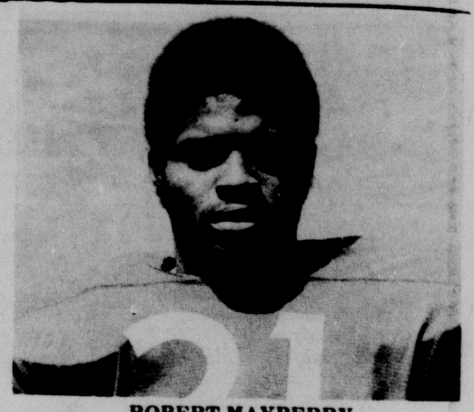
The Spearman running back also was picked to play in the North-South All Stargame. Davis was a standout trackster at Spearman High School. He was a four-time qualifier in the long jump and, as a senior last year qualified for the state tournament.

Davis chose WTSU over such schools as University of Wyoming and Wichita State in order to stay in the Panhandle area.

Mayberry and, Davis and the rest of the Buffalo squad will be putting full pads on today to begin contact work.



DONNIE DAVIS



ROBERT MAYBERRY

Kids, Inc. Signups Are On Saturday

Fourth through sixth grade boys are invited to signup for Kids, Inc. contact football Saturday, Aug. 23, between 10 a.m. and 6 p.m. at Canyon City Pool in Conner Park.

Those interested in playing contact football with the league should furnish their league fees at signup and must be accompanied by a parent to sign a permission slip

Eagles Progressing, Says Coach

The 1975 Canyon Eagle football season is well under way and new head coach Deane Wright has had a chance to evaluate the team and its players.

"The team has progressed as far as we can expect," Wright said. "We really can't tell much until we scrimmage Friday night," he added. The Eagles will travel to Morton tomorrow and will scrimmage Denver City, the eighth ranked class AA team in the state.

Since the squad has been working out for over a week, Wright has had some pleasant surprises. "Clifford Adams is doing an excellent job," the head coach pointed out with no hesitation. Adams, a junior offensive tackle, was a junior varsity player last year.

According to Wright, competition at the split end position is keen. Randy Langen, Lyndon Brazile and David Coronado, he says, all have a shot at the wide receiver slot.

On the other end of the line, at tight end, two Eagles have shown great progress Wright said. Gary Castleman and John Prater have come along to make the tight end position a solid one.

Defensively, Jonathan Hull, end; Drew Hetzler, tackle; and Wayne Robinson, linebacker have drawn praise from the head mentor.

"We're not really set on the defensive secondary because we haven't been able to work on defense as much as offense because of working out without pads during the first four days of practice," Wright said.

With all the bright spots, there are also some that are not so bright. "Our biggest problem right now is at the running back positions, Wright said. The coach cites lack of speed and size as a big concern for his Wishbone attack, but, he is optimistic about the fast-approaching season.

"I believe we're going to play good ball," Wright said.

Following tomorrow's scrimmage with Denver City at Morton, the Eagles will scrimmage Plainview at 6 p.m. Friday, Aug. 29, on the Canyon High School practice field. The season opener will be against Lubbock Monterey in Lubbock on Sept. 4. The home opener will see the Eagles going against Amarillo Caprock on Sept. 19.

Sports Writer Tommy Bryant Dies In Amarillo

An Amarillo newsman who had been sports information director for West Texas State University from Sept. 1969 to Aug. 1974 died early Monday afternoon.

Tommy Dan Bryant, 40, of Amarillo, was dead on arrival at 12:48 p.m. Monday at the Amarillo Emergency Receiving Center. He was apparently victim of a heart attack.

Bryant had suffered a heart attack in 1970 while covering the WTSU Buffaloes in Colorado.

Funeral services were held at 10 a.m. Wednesday at N.S. Griggs & Sons Memorial Chapel with graveside services in Lubbock.

An Amarillo native, Bryant attended schools there and in Lubbock. He was a graduate of Amarillo High School and graduated with a bachelors degree in journalism from WTSU.

Bryant was sports editor of the Amarillo Globe-News from 1966-69 when he became sports information director of WTSU.

He had been named Sports Writer of the Year in 1966 by the Texas High School Coaches Association, and was named Man of the Year by the Caprock Optimist Club of Amarillo in 1968.

He is survived by his mother and two aunts.

Tommy D. Bryant

Byars Re-elected

Albert Byars of Canyon was re-elected as director for a three-year term at the annual meeting of the Federal Land Bank Association of Amarillo recently.

Frank Begert and Victor P. Hill of Canyon also serve as directors.

Fifty-three stockholders and sixty-eight guests from Armstrong, Oldham, Potter, and Randall Counties attended the meeting and steak dinner at St. Paul's United Methodist Church in Amarillo.

News Brief

Diana L. Fite of Canyon was one of 64 students accepted by the University of Texas Health Science Center at Houston for admission to classes which began recently.
